# CITY WINERY WINES ON TAP

Straight from the barrels in our cellar. No bottles, no labels, no corks. Rather than put wine into a bottle when it is ready, we put it into stainless steel kegs after every pour and preserve it with a thin layer of argon gas, keeping every glass fresh with no waste. We take great pride in sourcing our grapes from some of the finest vineyards in the world and want to give you a world-class, expressive taste in every glass. Cheers.

– Michael Dorf, Founder & CEO  
– David Lecomte, Chief Winemaker  
– Robert Kowal, Winemaker

City Winery tap wines are  
crafted in small batches and  
will rotate often.

## **KIMMERIDGIAN LIMESTONE**

Kimmeridgian clay is a calcareous clay containing Kimmeridgian limestone, which lends a mineral, chalky taste to wines of this region. A basin of limestone marl runs from England all the way down through the vineyards of Champagne, the Loire Valley, and ultimately Burgundy. It is on this ridge, known as the Kimmeridgian Ridge, that the best vineyards lie.

## **SPECIAL CLUB CHAMPAGNE**

Champagne's Special Club is a unique collection of 26 Grower-Producers who all have the common goal of promoting the expression of vintage & terroir in the region. The rules for membership are simple: one must grow their own grapes. All members must be legally designated as Récoltant-Manipulants.

## ORANGE WINE

The term "orange" describes wines made with white grapes whose juice is intentionally left in contact with its skins anywhere from a handful of weeks to several months. This gives the wine a tinge of coppery pink, burnt orange color, which is deeper than most rosés. This process is actually exactly opposite of making a rosé wine. Orange wines are rare, always handcrafted, and often expensive.

Be edgy. Drink like a hipster-sommelier wine nerd.

### SOLISTE CELLARS SAUVIGNON BLANC

In Burgundy, a winemaker often reserves a barrel for their family and friends. This barrel is called Soliste. Inspired by the great late Didier Dagueneau, Lune et Soleil is crafted from a single organic vineyard. The wine is 100% pressed whole clusters and aged in a 600 Liter barrique of special thick staves to minimize oxygen transfer and there is no malolactic fermentation to preserve acidity, verve and length.

**BIG TABLE FARM**

Big Table Farm is a collaborative effort between Brian Marcy and Clare Carver. A winemaker. An artist. Nestled in the Willamette Valley, Big Table Farm is a beautiful vineyard site and functional farm. Clare's animals include pigs, sheep, cows and chickens. Brian has space for wacky projects. Every moment of farming and winemaking is done by hand. Much love goes into the bottle...and sweat, and perhaps some curse words and exclamations of joy. Their table is always set for guests and they grow & produce what they love to eat, drink, and share.

**RIDGE - MONTE BELLO**

In the early 1960s, Ridge reclaimed a 125-year-old vineyard, *Monte Bello*, which lay dormant during the Prohibition era. Though born to the world of modern California winemaking, Ridge relies on tradition rather than technology. The viticulture is sustainable and almost entirely organic. Each vineyard is a separate site that shows distinct character and quality.
